SPECIALISING IN HOSPITALITY-RETAIL-TOURISM

New Business evaluations

We work with you to evaluate your ideas and provide a full assessment on the viability of your dream. We can suggest alterations, modifications to improve your chances of success. We then develop a business plan that you are able to take to a bank if funding is required.

Staff recruitment and Training

The hardest thing in business is getting the right people with the drive and skills to assist you in your dream business. We assist from Staff recruitment through to training in all aspects of your business. We give you the skills to duplicate this as your business grows.

Policy documentation

The Australian Government as well as State and local authorities requires businesses to have large amounts of documents and policies around Business operations. These range from permits, Workcover and Occupational Health and safety. We help you develop these documents and produce the policies needed

Marketing and social media support.

Opening the door of your new business is only the first step, we want future customers to know where you are, what you sell so that means advertising. Whether that be TV, Radio or social media we will develop a campaign to get the people through the door.

We can assist in every aspect of your new business which includes back of house establishment with technologies and product that make running your business as easy as possible. This may include accounting systems, point of sale and even store layouts and designs. It all starts with a phone call, talk to us with your first meeting FREE to discuss how we can help you make your dream come true
